Business & Marketing

Executive Profile

Carol Boston is a three-term member of the Santa Rosa County School Board (District 3) and a respected public servant with more than 23 years of dedicated service to public education. First elected in 2014 and re-elected in 2018 and 2022, she has earned the trust of both the voters she represents and her fellow Board members, who have elected her to serve as Board Chair three times and Vice Chair twice. A military spouse, former substitute teacher, and longtime community volunteer, Carol brings a practical, balanced perspective to educational leadership. She believes the best decisions are made by listening first, building consensus, and remaining focused on what serves students, families, educators, and taxpayers over the long term.

Throughout her career, Carol has earned a reputation as a collaborative leader who values relationships as much as results. She has worked alongside teachers, administrators, parents, legislators, business leaders, and community organizations to strengthen educational opportunities while maintaining fiscal responsibility and public trust. Whether improving school safety, expanding workforce education, or promoting transparency in government, Carol approaches every challenge with integrity, accountability, and a commitment to thoughtful, fact-based decision making. Her leadership reflects a simple philosophy: strong schools are built through collaboration, responsible stewardship, and a shared commitment to helping every student succeed.

Leadership Philosophy

School Safety First: Led initiative making Santa Rosa the first Florida district with an armed SRO in every school; instituted Guardian Program and hired dedicated Director of Safety.

Career & Technical Education: Through advocacy and partnerships, increased industry certifications earned by students 966% over five years; supported Teaching Academies at four high schools.

Fiscal Responsibility & Transparency: Delivered CivicCon Government Transparency Award; teacher compensation now ranks in top 25% of Florida districts while maintaining strong reserves.

Military & Community Advocate: As a military spouse, champions support systems for military-connected families; longtime mentor in Take Stock in Children; active in Gulf Breeze Optimist Club (13+ years) and Santa Rosa Kids' House.

Parent & Student Voice: 13+ years on School Advisory Councils (including as Chair); strong believer in curriculum transparency and engaging parents in every major decision.

Innovative Local Partnerships: Encourages local businesses to bring expertise to students for unique educational opportunities.

Twice Endorsed by Santa Rosa Professional Educators (SRPE): Carol was honored to receive the endorsement in previous elections for her pragmatic approach, achievable objectives, and steadfast support to students, teachers, and the administration.
